Dear Mr. Moseley:

Thank you for the prompt filing of MR Form 1 for this mine. Only one (1) item appears to need adjustment on the form, number 13 'Approximate acreage to be disturbed'.

By scaling the area on the map which was included with the U.S.G.S. plan, it appears that about 7 acres total will be disturbed while the submitted MR-1 lists the areas as 3/4 acres.

Please let us know if our area computations and measurements are correct and if the submitted MR-1 should be changed accordingly.

Very truly yours,

DIVISION OF OIL, GAS, AND MINING

RONALD W. DANIELS, COORDINATOR  
OF MINED LAND DEVELOPMENT
